We are pleased to invite you to the Autoimmunity: Basic and Clinical summer school (ABC6)!

The sixth autoimmunity summer school (ABC6) will take place on 28th and 29th (arrival on 27th) May 2019 at the Tartu Environmental Education Centre (Lille 10, Tartu), Estonia. The focus will be on the basic knowledge of and novel developments in the field of autoimmune diseases. The summer school is dedicated to PhD students and researchers at all levels, including medical residents. The scientific programme will consist of two days of lectures given by leading researchers in the field. In addition, submission is open for short oral and poster presentations where participants can present and discuss their own work.

REGISTRATION
The summer school of “ABC6 Autoimmunity: Basic and Clinical” is free for all participants. Please note that there are limited spaces available and the principle first come, first served, will apply. For registering, please visit https://abc6.publicon.ee/registration/

IMPORTANT DATES
Abstract submission ends: 15 April, 2019
Abstract acceptance letters will be sent out: 22 April, 2019
Registration for ABC6 is closed: 1 May, 2019

PROGRAMME
The summer school programme is available here: https://abc6.publicon.ee/programme/

VENUE
The event will take place in the cozy and nature-friendly Tartu Environmental Education Centre (TEEC) situated at Lille 10, Tartu, close to the city centre.

WE LOOK FORWARD TO YOUR PARTICIPATION IN THE EVENT!

The ABC6 summer school is organized by the Doctoral School of Clinical Medicine together with The European Federation of Immunological Societies and The Estonian Society for Immunology and Allergology, supported by the European Union, European Regional Development Fund (University of Tartu’s ASTRA project PER ASPERA).
